

dj HEIDI

With Bali as her home base, DJ Heidi has quickly taken hold of the club scene with her musical expression and secured a reputation across Indonesia as one of the most talented female DJ's on the circuit. Her creative energy and attention to each night's mood has proven to be a winning formula. Crowds love her. Venues want her. DJ's respect her. And she delivers...

Heidi's sound...

Spinning a mixed breed of house, electro-house and tech-house, all carved into a personal sound that leaves a lasting impression, Heidi takes on influences from world class acts such as Sebastian Leger, Dubfire and Deadmau5 while drawing on her own vinyl experience to lay down the direction for every show. Each performance molded to suit the venue and the crowd. Always unique. Always uplifting.

Heidi's stomping ground...

Throughout Indonesia and beyond, venues have become home to Heidi's prowess and the demand for her sets keeps her diary locked into a tight schedule. Famous Bali clubs such as The Living Room, Ocean Beach Club, Sky Garden and Hypnotique have all featured her skills to a packed house, while huge venues such as 'Klapa' make sure she is on the decks for opening ceremonies and after parties, allowing crowds of thousands to be swept up in her grooves. On the world stage she has already spread her wings to Australia, Europe and Asia and played alongside a line-up of international acts. The demand continues.

DJ Heidi. Make the call.

"Not only does she hold the dance floor in the palm of her hand, leading the crowd through a solid set with all the right peaks and breaks, but just watching her move behind the decks is enough to get anyone motivated..."
